Yale Cancer Center Oncology Series:
Breast Cancer

Wednesday, December 15, 2010
Smilow Cancer Hospital at Yale–New Haven

Yale Cancer Center and Smilow Cancer Hospital at Yale-New Haven are grateful to their supporters. They are acknowledged in all conference materials.

The Yale School of Medicine designates this educational activity for a maximum of 3 AMA PRA Category 1 Credits™.

Course Director
Thomas J. Lynch, Jr. MD
Director, Yale Cancer Center
Physician-in-Chief, Smilow Cancer Hospital at Yale–New Haven

Learning Objectives
- Describe the latest management approaches for breast cancer
- Explain difficult or unusual problems encountered by the practicing hematologist/oncologist
- Identify appropriate management options based on emerging data
- Discuss issues surrounding the design and conduct of clinical trials that incorporate novel agents and/or regimens for patients with breast cancer
- Integrate new findings into clinical practice

Participants who attend this conference will be able to:

This course will provide specialized education on optimal management of breast cancer. Yale Cancer Center, a renowned, NCI designated comprehensive cancer center, is in a premier position to provide such leading-edge education for oncologists, hematologists, and community physicians in the region. This interactive, case-based course will provide the audience with relevant information on diagnosis, currently accepted guidelines for management, and the use of novel and multi-modal therapies for breast cancer.
