January 11, 2011

Carolyn M. Mazure, PhD
Professor of Psychiatry and Psychology; Director of Women’s Health Research; and Associate Dean for Faculty Affairs

*Sex and Science: Advantages to Studying Women’s Health and Gender Differences*

**Needs:** Sex and gender are among the most important variables to understanding biology and behavior. There is a need to continue to explore gender differences in health and disease.

**Objectives:** To review the trajectory of research on women’s health; to understand translational goals in gender based research; and to understand the advantages to studying women’s health.

Mario Sznol, MD
Professor of Medical Oncology

*Progress in Treatment of Melanoma: Building on a Very Good Year*

**Needs:** Physicians and scientists need to be aware of the rapidly evolving field of melanoma treatment, including new therapies.

**Objectives:** To review the clinical trials for melanoma likely to change the standard of care in the next year; to review the next generation of clinical trials for melanoma; and to understand the variety of treatment options for patients with melanoma.

There is No Corporate Support for These Activities.

**Accreditation:** The Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical education for physicians.

**CME Credit:** The Yale School of Medicine designates this educational activity for 1 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

**Faculty Disclosures:** It is the policy of Yale School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity and scientific rigor in all its educational programs. All faculty participating as speakers in these programs are required to disclose any relevant financial relationship(s) they (or spouse or partner) have with a commercial interest that benefits the individual in any financial amount that has occurred within the past 12 months; and the opportunity to affect the content of CME about the products or services of the commercial interests. The Center for Continuing Medical Education will ensure that any conflicts of interest are resolved before the educational activity occurs.

This course will fulfill the licensure requirement set forth by the State of Connecticut.
