October 18, 2011

**Erin Hofstatter, MD**
Assistant Professor of Medical Oncology, Yale Cancer Center

**Fatma M. Shebl, MD, PhD**
Assistant Professor of Epidemiology and Public Health

**Breast Cancer Prevention: Hope or Hype?**

**Needs:** Breast Cancer is the most common cancer diagnosis among US women, yet few women actively pursue preventive measures. Education among providers and patients is therefore needed.

**Objectives:** To review current methods of breast cancer risk assessment; to discuss implications of heritable genetic mutations on breast cancer risk and prevention; and to outline current breast cancer prevention approaches and areas of research.

**Cancer Risk Among Hepatitis C Infected Elderly**

**Needs:** More than 4 million people in the US are infected with the Hepatitis C virus (HCV). HCV has been linked to hepatocellular carcinoma (HCC). This presentation will present the findings of a study of HCV and related cancer risk.

**Objectives:** To understand the relationship between HCV and HCC; to review the cancer risk profile of individuals infected with HCV; and to learn what additional cancers may be associated with HCV.

There is No Corporate Support for These Activities.

**Accreditation:** The Yale School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical education for physicians.

**CME Credit:** The Yale School of Medicine designates this educational activity for 1 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

**Faculty Disclosures:** It is the policy of Yale School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity and scientific rigor in all its educational programs. All faculty participating as speakers in these programs are required to disclose any relevant financial relationship(s) they (or spouse or partner) have with a commercial interest that benefits the individual in any financial amount that has occurred within the past 12 months; and the opportunity to affect the content of CME about the products or services of the commercial interests. The Center for Continuing Medical Education will ensure that any conflicts of interest are resolved before the educational activity occurs.

**This course will fulfill the licensure requirement set forth by the State of Connecticut.**
